Smiling in the fearless dark, she listened to the rhythmic breathing of a sleeping boy. Celestina almost begged off, almost told him that she had no interest in whatever curiosity of medicine or physiology he might have witnessed. The only miracle that would have mattered, Phimie's survival, had not been granted. Everyone was silent. The day was morgue-still. The crows had fled the sky, but a single hawk gilded soundlessly, like justice with its prey in sight, high above the tower. He still had work to do here. Properly disposing of Thomas Vanadium, however, was the most urgent piece of business. Certain disbelief insulated her

against immediate surprise. She shook her head. "That's not possible." Although rain-pasted to her skin, the fine hairs rose on the nape of her neck. The gooseflesh crawling across her arms had nothing to do with her cold, wet clothes..Along the hall, every step measured, he stayed near the wall farthest from the staircase..People were at the car windows, struggling to open the buckled doors, but Agnes refused to acknowledge them..Behind the dog, Mary walked out of nowhere, ball in hand, and Koko whirled in surprise, and the chase was on again..Flush with the promise of their engagement, still excited by the success at the gallery, with Angel exuberant in spite of the hour and Oreo energized, he was amazed that they had made the transfer of the little red whirlwind from house to Buick to house with nothing else forgotten other than one purse. Celie called it ballet, but Wally thought that it was merely momentary order in chaos, the challenging-joyous-frustrating-delightful-exhilarating chaos of a life full of hope and love and children, which he wouldn't have traded for calm or kingdoms..Frankness and tough talk pleased her, because too many people dealt with her as though her spirit were as frail as her limbs. She laughed with delight-but still refused him..Through the door came the sound of running water splashing in a sink. Neddy washing his hands.."He's blind, sure, but he's also a boy," Angel said, "and trees are something that boys gotta do."."The quarter in the sandwich," Nolly said, because that was the first stunt that Simon Magusson had paid him to perform.."Fear?" Kathleen asked, more interested in Vanadium's words than in his prestidigitation. "You said you're offering fear to Cain ... as if that was something he would want." Agnes was able to respond, Paul sprang up and moved away. Other friends knelt and crouched and bent to her, and she lost sight of the pharmacist as he moved off through the dispersing crowd.."But I've never seen a case like this. Usually, boils appear on the back of the neck. And in moist areas like the armpits and the groin. Not so often on the face. And never in a quantity like this. Really, I've never seen anything like it." Recognizing the danger of saying the wrong thing, the potential for self-incrimination, Junior clenched his jaws and waited.."Toes," he repeated immediately in his sweet, piping voice. This was a new word for him..Celestina stared curiously at Tom Vanadium. She had witnessed the effect of vanishment, though she hadn't actually seen the coin disappear in midair. Yet she seemed to sense either that something more than sleight of hand had just transpired or that the trick had a meaning she'd missed..And God has four hundred billion billion fingers, and He plays a really hot version of "Hawaiian Holiday..Holding on to the jamb with one hand, Barty leaned across the threshold, listening to the day. Birds. Softly rustling leaves. Nobody on the porch. Even trying hard to be quiet, people always made some little noise..Of all the kindnesses that we can do for one another, the most precious of all gifts-time-is not ours to give. Bearing this in mind, Agnes did her best to guide her extended family through its grieving for Harrison and for Jacob, into happier days. Respect must be paid, precious memories nurtured, but life also must go on..From a distance and through a scattering of trees, Junior wasn't able to discern much about the other funeral, but he was pretty sure many if not most of that crowd were Negroes. He surmised, therefore, that the person being buried was a Negro, too..Grace declined food, but Tom ordered for her, anyway, selecting those things that by now he knew Celestina liked, guessing that the mother's taste had shaped the daughter's..The girl sucked in deep lungful of the weary clouds. "Better hold tight, Mommy, I'm gonna float." She always had a generous heart. After disease whittled Perri's flesh, leaving her so frail, her great heart, undiminished by her suffering, seemed bigger than the body that contained it..terrified, the thorns pricking so close to his eyes, green points combing his lashes. He's too weak to resist, disabled.This morning, Damascus had left the house early, before Vanadium came downstairs, which was perfect for Junior's purposes. While the maniac cop was finishing his shave and shower, Junior crept upstairs to check his room. He discovered the revolver in the second of the three places that he expected it to be, did his work, and returned the weapon to the nightstand drawer in precisely the position that he had found it. Narrowly avoiding an encounter with Vanadium in the hall, he retreated to the ground floor. After some fussing over the most effective placement, he left the quarter and the luggage-just as Vanadium, the human stump, clumped down the stairs. Junior experienced an unexpected delay when the detective spent half an hour making phone calls from the study, but then Vanadium went into the kitchen, allowing him to slip out of the house and complete his work.."From time to time now, you're going to be written about," Helen warned. "Be prepared for a peevish critic or two, furious about your optimism." She asked Edom to stay in the main house, so Barty wouldn't be alone while she visited Maria Gonzalez for an hour or two. He was pleased to oblige, settling down to watch a television documentary about volcanoes, which promised to include stories about the 1902 eruption of Mont Pelee, on Martinique, which killed 28,000 people within minutes, and other disasters of colossal proportions..She worried that her anxiety would prove contagious, that when her fear infected her boy, he would be less able to fight whatever hateful thing had taken seed in his right eye..He chased after none of these lovelies beyond a few dates, and none of them pursued him when he was done with them, although surely they were distressed if not bereft at losing him..Whereas Edom feared the wrath of nature, Jacob knew that the true hand of doom was the hand of humankind..Judging by Grace's expression when Paul plucked the chest off the floor, he figured it was heavy. He had no way of knowing for sure, because he was in a weird state, so saturated with adrenaline that his heart squirted blood through his arteries at a speed Zeus couldn't have matched with the fastest lightning bolts in his quiver. The chest felt no heavier than a pillow, which couldn't be right, even if it was empty..When the convulsive seizure passed, as he collapsed back on the spattered pillow, shuddering at the stench rising from his hideously fouled clothes, Junior was suddenly struck by an idea that was either..Although he didn't believe in destiny, in fate, in anything more than himself and his own ability to shape his future, Junior couldn't deny how extraordinary it was that this woman should cross his path at this precise moment in his life, when he was frustrated to the point of cerebral hemorrhage by his inability to find Bartholomew, confused and nervous about the phantom singer and other apparently supernatural events in his life, and generally in a funk unlike any he had ever known before. Here was a link to Seraphim and, through Seraphim, to Bartholomew..Then the hero got in the sedan with his friends, and they drove away into the sun-splashed morning..As the heavysset nurse retreated with the baby, Phimie's grip on her sister's hand relaxed, but then grew firm once more as her gaze also became more intense. "Love ... you." Because she'd enjoyed some limited use of her right arm, it was less wasted than her left, although not normal. Paul pulled down that sleeve of her pajamas.."Oh, that's me, all right. I'm on the FBI's most-wanted list for criminal pie jostling." He pushed on the door, but still it resisted, and he surprised himself by letting out a bellow of frustration that expressed quite the opposite of self-control, though no one listening could have the slightest doubt about his determination to commit and command..Tom said, "Now I'm going to add a human touch and a spiritual spin to all this. When each of us comes to a point where he has to make a significant moral decision affecting the development of his character and the lives of others, and each time he makes the less wise choice, that's where I myself believe a new world splits off. When I make an immoral or just a foolish choice, another world is created in which I did the right thing, and in that world, I am redeemed for a while, given a chance to

become a better version of the Tom Vanadium who lives on in the other world of the wrong choice. There are so many worlds with imperfect Tom Vanadiums, but always someplace ... someplace I'm moving steadily toward a state of grace." "Here we are," said the driver, braking to a stop at the curb in front of the gallery. When he noticed that twilight had come and gone, he realized also that he'd walked through Bright Beach, along Pacific Coast Highway, and south into the neighboring town. Perhaps ten miles. "Mrs. Lampion, in a case like this, I've found that the greatest mercy is directness. Your son has retinoblastoma. A malignancy of the retina." "Where did it go?" Grace asked her granddaughter, making as much effort as she could to lighten the mood for the girl's sake. "I don't know anyone named Bartholomew." He decided that the truth, in this instance, could not harm him. Nolly, telling the story of his day's work, paused as the waiter delivered two orders of the crab-cake appetizer with mustard sauce. "Nolly, Mrs. Wulfstan--enjoy!" Junior got in the car once more, slammed the door, and said, "Panfaced, double-chinned, half-bald, puke-collecting creep." In the years since I began to write about Earthsea I've changed, of course, and so have the people who read the books. All times are changing times, but ours is one of massive, rapid moral and mental transformation. Archetypes turn into millstones, large simplicities get complicated, chaos becomes elegant, and what everybody knows is true turns out to be what some people used to think. "Not that trains are any better. Look at the Bakersfield crash back in '60. Santa Fe Chief, out of San Francisco, smashed into an oil-tank truck. Seventeen people crushed, burned in a river of fire." As shaken as she had been at Phimie's side, she couldn't trust her memory. Perhaps she hadn't seen what she thought she'd seen. Opening his eyes blinking back his tears just as more agonizing contractions knotted his abdomen, he could see ribbons of red in the watery green mess that gushed from him. Bright red. Gastric blood would be dark. This must be pharyngeal blood. Unless an artery had ruptured in his stomach, torn by the incredible violence of these intransigent spasms, in which case he was puking his life away. of color had to search for mentoring, especially in 1922, when twenty year-old Obadiah dreamed of being the next Houdini. Nor could she begin to imagine the nature of the disaster that had befallen him, leaving his face looking blasted and loose at all its hinges. She had last seen him at Phimie's funeral. A few minutes ago at her doorstep, she'd recognized him only because of his port-wine birthmark. In her arms she held Bartholomew. The infant was not heavily bundled, for the weather was unseasonably mild. Paul set the nightstand down but waited, ready to shove the furniture into the stairwell if the swaddled gunman dared return. The boy's difference was defined as much by what he didn't do as by what he did. For one thing, he didn't observe the Terrible Twos, the period of toddler rebellion that usually frayed the nerves of the most patient parents. No tantrums for the Pie Lady's son, no bossiness, no crankiness. Backing off, trying to feel his way to the foyer and front door, afraid that if he stumbled over a chair, she'd descend upon him like a screaming hawk upon a mouse, Junior denied her accusation. "You're crazy. How could I know? Look at you! How could I possibly know?" He placed a hand on her shoulder. "Don't beat up on yourself She's come this far. And though I don't know the hospital in Oregon, I doubt the level of care would equal what she'll receive here." All the way back to the ridge, sitting up front beside a county deputy in a police cruiser, with an ambulance and other patrol cars racing close behind them, Junior had shaken uncontrollably. When he tried to respond to the officer's questions, his uncharacteristically thin voice cracked more often than not, and he was able to croak only, "Jesus, dear Jesus," over and over. against the operating table. The lights had grown painfully bright, and the air had. With no job to return to, he dawdled over lunch. He was actually tumescent with a growing sense of freedom that was as thrilling as sex. Rudy Hackachak--Big Rude to his friends--was six feet four, as rough-hewn as a log sculpture carved with a woodsman's ax. In a green polyester suit with sleeves an inch too short, an unfortunate urine yellow shirt, and a tie that might have been the national flag of a third world country famous for nothing but a lack of design sense, he looked like Dr. Frankenstein's beast gussied up for an evening of barhopping in Transylvania. THE GENEROUS EXPENSE allowance provided by Simon Magusson paid for a three-room suite at a comfortable hotel. One bedroom for Tom Vanadium, one for Celestina and Angel. Sheena Hackachak, at forty-four, was more beautiful than any current movie star. She looked twenty years younger than her true age, and she so resembled her late daughter that Junior felt a rush of erotic nostalgia at the sight of her. When Max answered, Vanadium let out his breath in a whoosh of relief and began talking on the inhalation: "It's me, Tom, and maybe I've just got a bad case of the heebie-jeebies, but there's something I think you better do, and you better do it right now." Paul was nearest to that corner when he halted Grace in her rush toward certain death. Before he quite realized what he was doing, he found that he'd flung open the door and climbed half the single long flight of steps, as surefooted as Doc Savage or the Saint, or the Whistler, or any of the other pulp-fiction heroes whose exploits had for so long been his adventures by proxy. Nevertheless, Thomas Vanadium's hostile ghost, that terrible prickly bur of stubborn energy, wasn't done with Junior yet. Until Bartholomew was dead, the cop's filthy-scabby-monkey spirit would keep coming back and coming back, and it would surely grow more violent. Lying on his side in bed, clothed and shod, knees drawn up, arms folded across his chest, hands pressed under his chin, like a precocious fetus dressed and waiting for birth, Junior tried to recall the chain of logic that had led to this long and difficult pursuit of Bartholomew. That chain led three years into the past, however, which to Junior was an eternity, and not all the links were still in place. When the subject shifted to card tricks and fortune-telling, Maria admitted to practicing divination with standard playing cards. He had sworn this vow before. An argument could be made that he had broken it. Agnes thought crazily of their early dates and the first years of their marriage. They had occasionally gone to the drive-in, sitting close. In the morning, after their first night together, without either of them suggesting what must be done, Barty and Angel went in silence into the backyard and, together, climbed the oak, to watch the sunrise from its highest bower. Three years later, on Easter Sunday in 1986, the fabled bunny brought them a gift: Angel gave birth to Mary. "It's time for a nice ordinary name in this family," she declared.
