He went upstairs to change out of his dark blue suit and badly scuffed black shoes..Industrial Woman, which he'd purchased for a little more than nine thousand dollars, less than eighteen months ago and at another gallery, would fetch at least thirty thousand in the current market, so rapidly had Baval Poriferan's reputation risen.."It isn't that, Daddy. You remember, when we were all together the day before yesterday, how afraid Phimie was of this man. Not just for herself ... for the baby."Since childhood, he had been waiting for this moment-if indeed it was The Moment-and he had nearly lost hope that the much-desired encounter would ever come to pass. He had expected to find others with his perceptions among physicists or mathematicians, among monks or mystics, but never in the form of a three-year-old girl dressed all in midnight-blue except for a red belt and two red hair bows..voice was flat, a drone; he had delivered not an emotional threat, but a quiet promise..Kathleen savored her martini. "Mmmm ... as cold as a hit man's heart and as crisp as a hundred-dollar bill from the devil's wallet."I said it didn't work that way, and it doesn't. Yet ... I don't actually walk in those other worlds to avoid the rain, but I sort of walk in the idea of those worlds. . . ".would allow herself to feel the loss, the misery against which she was now armored. Phimie deserved dignity in this final.Reading the dates on the headstone, he saw that the minister's daughter had died on the seventh of January, the day after Naomi had fallen from the fire tower. If ever asked, Junior would have no trouble accounting for his whereabouts on that day..Mrs. Lampion, in a case like this, I've found that the greatest mercy is directness. Your son has retinoblastoma. A malignancy of the retina."In spite of its dazzle and power and comfort, however, the car was not able to lift his spirits as he cruised the hills of the city. Somewhere along these darkly glistening streets, in these houses and high-rises clinging to steep slopes awaiting seismic sundering, the boy was sheltered: half Negro, half white, full doom to Junior Cain..so she reached across her body with her left hand, which Celestina gripped tightly..The wife killer was evil; and his evil would be expressed one way or another, regardless of the forces that affected his actions. If he'd not killed Naomi on the fire tower, he would have killed her elsewhere, when another opportunity for enrichment presented itself. If Victoria hadn't become a victim, some other woman would have died instead. If Cain hadn't become obsessed with the strange conviction that someone named Bartholomew might be the death of him, he would have filled his hollow heart with an equally strange obsession that might have led him, anyway, to Celestina, but that would surely have brought violence down on someone else if not on her..Junior locked the door. He started the engine and drove out of the cemetery faster than was prudent on the winding service road..With her brothers, she adjourned to the waiting room, where the three of them sat drinking vending-machine coffee, black, from paper cups..When Victoria finally calmed her racing heart, she returned the spoon to the tray on the nightstand, stoppered the carafe, and said, "That's enough for now, Mr. Cain. In your condition, even too much I melted ice might trigger renewed vomiting."During the walk home: slow and deep, breathing slow and deep, moving not at a brisk clip, but strolling, trying to let the tension slide away, striving to focus on good things like his full exemption from military service and his purchase of the Sklent painting..She poured cold milk and drank it quickly. As she was rinsing the empty glass, she felt as if she might throw up, but she didn't..They came to her, picked up the luggage that she had put down, and Edom said, "I'll drive."Barty, at the head of the table, sensed Mary's approach only as she was about to touch him. She put a hand on his arm and said, "Daddy, will you turn your chair away from the table and let me sit on your lap?".Deeply distressed that he was planning the funeral of a man as young as Joe Lampion, whom he had liked and admired, Panglo paused to express his disbelief and to murmur comforting words, more to himself than to Jacob, as each decision was made. With one hand on the chosen casket, he said, "Unbelievable, a traffic accident, and on the very day his son is born. So sad. So terribly sad."His conscience as a craftsman would not let him fault the carpentry of the ship in any way; but his conscience as a wizard

told him he could put a hex on her, a curse woven right into her beams and hull. Surely that was using the secret art to a good end? For harm, yes, but only to harm the harmful. He did not talk to his teachers about it. If he was doing wrong, it was none of their fault and they would know nothing about it. He thought about it for a long time, working out how to do it, making the spell very carefully. It was the reversal of a finding charm: a losing charm, he called it to himself. The ship would float, and handle well, and steer, but she would never steer quite true..He fiddled with the cylinder until it swung open. Five chambers, a gleaming cartridge in each..trees also revealed Barty, and no radiance from another world shone spectrally through him, as it had shone through Joey-dead-and-risen..Consequently, Edom was abroad in the land with pies and parcels, following a list of names and addresses provided by his sister, even though he believed an unprecedentedly violent earthquake, the fabled Big One, was likely to strike before noon, certainly before dinner. This was the last day of the rest of his life..Anyway, traumatic as it had been, the shooting was not the worst thing that happened to him that year..They were in the rain, the solid-glassy-pounding-roaring rain, every bit as much as Gene Kelly had been when he danced and sang and capered along a storm-soaked city street in that movie, but whereas the actor had been saturated by the end of the number, these two children remained dry. Tom's eyes strained to resolve this paradox, even though he knew that all miracles defied resolution..At the far end of the table, Agnes shot up from her chair as her son said rain, and as he said wet, she spoke warningly: "Barty!".As he entered, the visitor's back was to Junior, and he moved toward the table, where dead Victoria sat with her head on her folded arms. She looked for all the world as though she were just resting.. "Cancer," he said, because that was more tragic and far less suspicious than a fall from a fire tower..Vanadium was no ordinary cop, as he himself had said. In his obsession, convinced that Junior had murdered Naomi and impatient with the need to find evidence to prove it, what was to stop the detective if he decided to deal out justice himself? What was to prevent him from walking up to the Suburban right now and shooting his suspect pointblank?.Clearly touched and intrigued, the magician nevertheless circled the offer in search of reasons to decline, before at last shaking his head sadly. "I doubt that I'm the caliber of person you're looking for, Mrs. Lampion. I wouldn't be entirely a credit to your project..".Parkhurst said, "We've eliminated most other possible causes. You don't have acute myelitis or meningitis. Or anemia of the brain. No concussion. You don't have other symptoms of Meniere's disease. Tomorrow, we'll conduct some tests for possible brain tumor or lesion, but I'm confident that's not the explanation, either..".Several large Dumpsters hulked nearby, dark rectangles less seen than suggested in the slowly churning murk, like forms in a dream, as ominous as graveyard sarcophaguses, each as suitable for a musician's carcass as any of the others..Nevertheless, Junior was thrilled to hear the name Bartholomew, and to know that the boy of whom Celestina spoke was the Bartholomew of Bartholomeus, the menacing presence in his unremembered dream, the threat to his fortune and future that must be eliminated.. "That's just ... an old joke," she heard herself saying, as from a distance. "You didn't really walk between the drops?".Agnes's suspicion that Barty would be a child prodigy had grown from seed to full fruit on the morning of the boy's first birthday, when he'd sat in his highchair, counting green-grape-and-apple pies. Through the following two years, ample proof of high intelligence and wondrous talents ripened Agnes's suspicion into conviction..that he could not entirely analyze. Any amateur magician-indeed, anyone willing to practice enough hours, magician or not-could master this trick. It was mere skill, not sorcery. "What was your motive, Enoch?".Junior suspected that no one other than this man's mother called him Tom. He was probably "Detective" to some and "Vanadium" to most who knew him..She closed her eyes, and he thought that she was gone, but then she opened them again. "There is one place beyond all the ways things are..".While they waited for the room-service waiter to arrive, Tom got from Paul a detailed report of Enoch Cain's attack on the parsonage. He had heard most of it from friends in the state-police homicide division, which was assisting the Spruce Hills authorities. But Paul's account was more vivid. The ferocity of the assault convinced Tom that whatever the killer's twisted motives might be, Celestina and her mother-and not least of all Angel-were in danger as long as Cain roamed free. Perhaps as long as he lived..Fathoms of silence flooded the line. Still, she listened. He sensed her there, though as if at a great depth.. "I hope it was all right I let him in, Mr. Cain." Sparky had a capuchin's overbite, too. "He told me it was an emergency..".As though stirred by static electricity, the fine hairs on the backs of Tom's hands quivered, and a current of expectation coursed through him..And now she didn't need him anymore. He gazed at her face, held her cooling hand; his anchor was slipping away from him, leaving him adrift..In his entire life, Junior had never suffered this much pain without first having killed someone. Reluctant to depart until certain that his student was out of danger physically, emotionally, and mentally, Bob Chicane stayed until three thirty. When he left, he broke some bad news to Junior: "I can't keep you on my student list, man. I'm sorry, but you're way too intense for me. Way too intense. Everything you do. All the women you run through, this whole art thing, whatever all those phone books are about-now even meditation. Way too intense for me, too obsessive. Sorry. Have a good life, man..".Although to Paul this was no more than childish chatter, Tom knew at once that the girl referred to his explanation for why he wasn't sad about his damaged face: the salt and pepper shakers representing two Toms, the hit-and-run rhinoceros, the different worlds all in one place. "Yes, Angel. That's something like what I was talking about..".In the neatly ordered bedroom, he removed his shoes. Stretching out on the bed, he stared at the ceiling, feeling useless..A moment later, in the corridor, as Nolly locked the door to his suite, Kathleen linked her right arm through Vanadium's left. "Do I call you Detective Vanadium, Brother, or Father?".As long as Junior continued to fake sleep, the cop couldn't be absolutely sure that any deception was taking place.. "I'm not a burglar, Mr. Cain. No client has enough money to make me risk prison. Besides, even if you could steal their files, you would probably discover that the babies' identities are coded, and without the code, you'd still be nowhere..". "It's partly that," she agreed. "But originally, Daddy wanted Phimie to tell, so the man could be charged and prosecuted. Though he's a good Baptist, Daddy isn't without a thirst for vengeance..". "He's a wonderful boy, so very bright, so very full of life. Blindness will be hard, but it won't be the end. He'll cope without the light. It'll be so difficult at first, but this boy ... eventually he'll thrive..". "Thanks, Sparky, but not tonight. I'm thinking of taking a look around downstairs if old Nine Toes isn't stuck at home tonight with a case of paralytic bladder..".Supposing that this new enthusiasm was an attempt to uncover skullduggery in Seraphim's accident, then the girl would be doing Junior a service even after her demise. Whether or not the traffic accident was an accident, Junior hadn't had anything to do with it..Later, at home in bed, after Nolly proved the value of oysters, he and Kathleen lay holding hands. Following a companionable silence, he said, "It's a mystery..".Although the ace of hearts had only positive meanings, and although, according to Maria, multiple appearances, especially in sequence, meant increasingly positive things, a series of chills nevertheless riffled through Agnes's spine, as if her vertebrae were fingers shuffling..Another thought: The young gallery employee would remember that Junior had asked after Neddy and had followed him toward the men's room. He would provide a description, and because he was an art connoisseur,

therefore visually oriented, he'd most likely provide a good description, and what the police artist drew wouldn't be some cubist vision in the Picasso mode or a blurry impressionistic sketch, but a portrait filled with vivid and realistic detail, like a Norman Rockwell painting, ensuring apprehension..As though the fog were a paralytic gas, Junior stood unmoving in the middle of the sidewalk. He really didn't want to climb into that Dumpster.."In a way, he does," Vanadium said. "When you're as hollow as Enoch Cain, the emptiness aches. He's desperate to fill it, but he doesn't have the patience or the commitment to fill it with anything worthwhile. Love, charity, faith, wisdom-those virtues and others are hard won, with commitment and patience, and we acquire them one spoonful at a time. Cain wants to be filled quickly. He wants the emptiness inside poured full, in quick great gushes, and right now. ".They were driven to St. Mary's by Detective Bellini in a police sedan. Tom Vanadium-a friend of her father's whom she had met a few times in Spruce Hills, but whom she didn't know well--literally rode shotgun, tensed to react, wary of the occupants of other vehicles on
