"Forty-five thousand people every year die in automobiles. Cars aren't transportation. They're death machines. Tens of thousands are disfigured, maimed for life." Nolly sighed. "Well, I guess if you were going to just plug him, you could've done that already, soon as you got to town." Agnes thought crazily of their early dates and the first years of their marriage. They had occasionally gone to the drive-in, sitting close. At the open kitchen door, arms laden with a stack of four bakery boxes, her mother said, "Will you get those last four pies for me there on the table? And don't jostle them, dear." There was a valuable lesson to be learned from the encounter with Renee Vivi: Many things in this life are not what they first appear to be. To Junior, however, the lesson was not worth learning if he had to live with the vivid memory of his humiliation. She traded silence for silence. Then: "Kiddo, I'm still totally confused by this stuff." In a sudden desperate burst of action, Junior tore at the dead man's closed hand, sprang open the trap of fingers and palm-and did not find a quarter. Nor two dimes and a nickel. Nor five nickels. Nothing. Zip. Zero. The second medic wheeled the gurney to the rear of the van, calling for one of the policemen to

accompany him to the hospital. Apparently, he needed help if he was to deliver the baby and also stabilize Apes while en route. "Nervous," he said, and howled when one of the paramedics proved to be a sadist masquerading as an angel of mercy. Charmed by the vulnerability of the young, he'd never slept with an older woman. The prospect intrigued him. She would have tricks in her repertoire that younger women were too inexperienced to know. Already, he was up two hours past his bedtime. In recent months, he'd exhibited the more erratic sleeping habits of older children. Some nights, he seemed to possess the circadian rhythms of owls and bats; after being sluggish all day, he suddenly became alert and energetic at dusk wanting to read long past midnight. Two teenage boys and one elderly woman scrambled across the sidewalk, grabbing at the ringing rain of quarters. They caught some, but others bounced and twirled through their grasping fingers, rolling-spinning away into the gutter. Celestina often thought of his wife and twin boys-Rowena, Danny, and Harry--dead in that airliner crash six years ago, and sometimes she was pierced by a sense of loss so poignant that they might have been members of her own family. She grieved as much over their loss of Wally as over his loss of them, and as blasphemous as the thought might be, she wondered why God had been so cruel as to sunder such a family. Rowena, Danny, and Harry had crossed all waters of suffering and lived now eternally in the kingdom. One day they would all be rejoined with the special husband and father they had lost; but even the reward of Heaven seemed inadequate compensation for being denied so many years here on earth with a man as good and kind and big of heart as Walter Lipscomb. At the mention of her son's name, Agnes stiffened. There were numerous ways for Deed to have learned the baby's name, yet it seemed wrong for him to know it, wrong to use it, the name of this child he had nearly orphaned, had almost killed. He supposed Victoria might have a visitor. Perhaps a relative or a girlfriend. Not a man. No. She knew who her man was, and she would have no other while she waited for the chance to surrender to him and to consummate the relationship that had begun with the spoon and the ice in the hospital ten days previously. Drawing from a well of inspiration deeper than instinct, Junior knew that if ever he crossed paths with a man named Bartholomew, he must be prepared to deal with him as aggressively as he had dealt with Naomi. And without delay. Yes, he suspected that he would require a great deal of rest to prepare himself for this vixen. Even in her loose white uniform and stodgy rubber-soled shoes, she was an incomparably erotic figure. She would be a lioness in bed. Opening the directory to the marker, he found a card tucked between the pages. A joker, with BARTHOLOMEW in red block letters. He had been stowed in a storeroom of one of the old palaces that Losen had appropriated. It had no window, its door was cross-grained oak barred with iron, and spells had been laid on that door that would have kept a far more experienced wizard captive. There were men of great skill and power in Losen's pay. Hound did not consider himself to be one of them. "All I have is a nose," he said. He came daily to see that Otter was recovering from his concussion and dislocated shoulder, and to talk with him. He was, as far as Otter could see, well-meaning and honest. "If you won't work for us they'll kill you," he said. "Losen can't have fellows like you on the loose. You'd better hire on while he'll take you." He paused, not sure how to proceed. He was not accustomed to writing letters to total strangers. Handing Angel to Grace, Lipscomb said, "I own some investment properties. There's a two-bedroom unit available in one of them." Reminding himself that fortune favored the persistent and that he must always look for the bright side, Junior began with the city itself and with those whose surnames were Bartholomew. This was a manageable number. So runs the water away. He was unconscious, wired to a heart monitor, pierced by an intravenous-drip line. Clipped to his septum, an oxygen feed hissed faintly, and from his open mouth rose the barely audible wheeze of his breathing. Caesar Zedd recommended not merely seizing the day but devouring it. Chew it up, feed on the day, swallow the day whole. Feast, said Zedd, feast, approach life as a gourmet and as a glutton, because he who practices restraint will have stored up no sustaining memories when famine inevitably comes. Junior didn't care which explanation was correct. Only one thing mattered: The Bartholomew hunt was at last nearing an end. On Wednesday, December 27, Junior met Google, the document forger, in a theater, during a matinee of Bonnie and Clyde. Only two explanations occurred to him. First, bureaucracies slavishly follow the rules even when the rules make no sense. Second, the Ugliest Private Detective in the World, Nolly Wulfstan, was an incompetent dunce. unwittingly oversell any strong reaction, striking a false note and raising suspicions. Agnes drew him into her arms and lifted him off the desk and embraced him tightly, with his head on her shoulder and his face nestled against her neck, as she'd held him when he was a baby. He had noted all seven names on the bassinets, but he read them again. He sensed in their names-or in one of their names-the explanation for his seemingly mad perception of a looming threat. The sirens shrieked so loud that he felt a sympathetic vibration in his dental fillings, and with a sharp cry of brakes, a great red truck turned the corner, at once followed by a second. Dinner was available in the lounge. Junior enjoyed a superb filet mignon with a split of fine Cabernet Sauvignon. "I want you to adopt the baby." Before they could react, she hurried on: "I won't be twenty-one for four months yet, and even then they might give me trouble about adopting, even though I'm her aunt, because I'm single. But if you adopt her, I'll raise her. I promise I will. I'll take full responsibility. You don't have to worry that I'll regret it or that I'll ever want to drop her in your laps and escape the responsibility. She'll have to be the center of my life from here on. I understand that. I accept it. I embrace it." All right, yes, it had tiny hands and tiny feet, rather than hooked talons and cloven. Fortifying herself with more coffee, Jolene said, "Edom, you were going to tell us how Joey's coping with fatherhood." Junior closed his weary eyes and gratefully submitted as the paramedic wiped his greasy face and his crusted lips with a cool, damp cloth. face looked familiar, and he sensed that he had seen it before in a disquieting context, although the man's identity eluded him. He remembered standing in the cemetery, downhill from Seraphim's grave-although at the time he'd known only that it was a Negro being buried, not that it was his former lover-and thinking that the rains would over time carry the juices of the decomposing Negro corpse into the lower grave that contained Naomi's remains. Had that been a half-psycho moment on his part, a dim awareness that another and far more dangerous connection between dead Naomi and dead Seraphim had already been formed? He wasn't a marksman, anyway. He couldn't handle anything more than close-up work. He stepped into the house, quietly closed the front door, and examined the bottle. The glass was thick, especially at the base, where a large punt--a deep indentation--encouraged sediment to gather along the rim rather than across the entire bottom of the bottle. This design feature secondarily contributed to the strength of the container. Evidently he had hit her with the bottom third of the bottle, which could most easily withstand the blow. Some listings didn't include first names, only initials. Every time he came across the initial B, he put a red heck mark beside it with a fine point felt-tip pen. We cherish the old stories for their changelessness. Arthur dreams eternally in Avalon. Bilbo can go "there and back again," and "there" is always the beloved familiar Shire. Don Quixote sets out forever to kill a windmill... So people turn to the realms of fantasy for stability, ancient truths, immutable simplicities. Although the mummifying fog wound white mysteries around even the most ordinary objects and wrapped

every citizen in anonymity, Vanadium preferred to approach the apartment building with utmost discretion. Whatever the length of his stay in this place, he would never arrive or depart through the front door or even through the basement level garage-until perhaps his last day..The boy-wonder physician turned to Junior again and assumed an expression of compassion so inauthentic that if he'd been playing a doctor on even the cheesiest daytime soap opera, he'd have been stripped of his actor's-union card, fired, and possibly horsewhipped on a live television special. "We'll be doing the procedure this afternoon, so I wouldn't want to give you anything much for the pain just prior to anesthesia and sedation. But don't you worry, Mr. Pinchbeck. Once we've lanced these boils, when you wake up, ninety percent of the pain will be gone."Edom drove, happy to assist Agnes. He was happier still that he didn't have to make the pie deliveries alone..Gore made him sick. He refused to attend movies that dwelt on the consequences of violence, and he had even less of a stomach for blood in real life..He hurried into the bedroom and switched on the nightstand lamp, without concern for whether the light might be seen from the street..This back blow wasn't just sport, either, but more like Vietnam as lie sometimes told women that he remembered it. As though pitched by a grenade blast, Junior went from his feet to the floor with chin-rapping impact, teeth guillotining together so hard that he would have severed his tongue if it had been between them..Those words, in a vertiginous spiral, spooled through the memory tapes in Junior's mind, as clear and powerfully affecting-and every bit as alarming-as the memory flash of the ordeal in the Dumpster. He couldn't recall where he'd heard them, who had spoken them, but revelation trembled tantalizingly along the rim of his mind..This was not a ghost. This was not a walking dead man. This was something else, but until he knew what it was, who it was, the only person he could possibly look for was Vanadium..Two high-quality deadbolt locks. Sufficient protection against the average intruder, but inadequate to keep out a self-improved man with channeled anger..Meanwhile, he became an accomplished meditator. Guided by Bob Chicane, Junior progressed from concentrative meditation with seed the mental image of a bowling pin-to meditation without seed. This advanced form is far more difficult, because nothing is visualized, and the purpose is to concentrate on making the mind utterly blank..He and the homicide detective had been friends for almost thirty years, since Max had been a uniformed rookie on the SFPD and Vanadium had been a young priest freshly assigned to St. Anselmo's Orphanage here in the city. Before choosing police work, Max had contemplated the priesthood, and perhaps back then he had sensed the cop-to-be in Tom Vanadium..their work, tears were followed by reminiscences that brought a smile and soothed, and hope was always found to be the flower that bloomed from every seed of hopelessness..There was an otter in our brook.The past three years had given Wally much to celebrate, as well. After selling his medical practice and taking an eight-month hiatus from the sixty-hour work weeks he had endured for so long, he'd been giving twenty-four hours of free service to a pediatric clinic each week, providing care to the disadvantaged. He'd worked hard all his life, and saved diligently, and now he was able to focus solely on those activities that gave him the greatest gratification..Junior levered up, scrambled up, vaulted over, and crashed into the deep bin, with every intention of landing on his feet. But he overshot, slammed his shoulder into the back wall of the container, fell to his knees, and sprawled facedown in the trash.."It isn't just the rotten railing," Junior said, still paging through the report, his outrage growing. "The stairs are unsafe."The instant he flipped the coin, he opened both hands-palms up, fingers spread-with a distracting flourish..When she closed the front door and turned away from it, Agnes bumped her swollen belly into Joey. His eyebrows shot up, and he put his hands on her distended abdomen, as if she were more fragile than a robin's egg and more valuable than one by Faberge..Deeply distressed that he was planning the funeral of a man as young as Joe Lampion, whom he had liked and admired, Panglo paused to express his disbelief and to murmur comforting words, more to himself than to Jacob, as each decision was made. With one hand on the chosen casket, he said, "Unbelievable, a traffic accident, and on the very day his son is born. So sad. So terribly sad."Piano music drifted into the restaurant from the adjacent bar, so soft and yet sprightly that it made the clink of silverware seem like music, too..Given a child-size harmonica, he extemporized simplified versions of songs he heard on the radio. The Beatles' "All You Need Is Love." The Box Tops' "The Letter." Stevie Wonder's "I Was Made to Love Her." After hearing a tune once, Barty could play a recognizable rendition..The voice continued, issuing from a device that stood on the desk beside the phone. "Please don't bang up. This is a telephone answering machine Leave a message after you hear the tone, and I will return your call later ".Agnes had the craziest notion that he was counting them, when at is age, Of course, he would have no concept of numbers..Vanadium couldn't know the whereabouts of the quarter. Besides, even when he'd swung the lunch tray over Junior's lap, the detective hadn't been close enough to pick the pocket of the robe..His instructor, Bob Chicane-who visited twice a week for an hour-advised him to imagine a perfect fruit as the object of his meditation. An apple, a grape, an orange, whatever.
