"Where they cook the cinnabar to get the metal from it. Roasters die in a year or two. Where to, dowser?" "Nonsense," Agnes breezed on, "it's no imposition. You'll be a great help with my baking, the pie deliveries, all the work that I put aside during Barty's surgery and recovery. It'll either be fun, or I'll wear you down to the bone, but either way, you won't be bored. I've got two extra rooms. One for Celie and Angel, and one for Grace. When your Wally arrives, we can move Angel in with Grace, or she can bunk with me." "If her blood pressure stabilizes through the night," Dr. Daines continued, "I want her to undergo a cesarean at seven in the morning. The danger of eclampsia passes entirely after birth. I'd like to refer Phimie to Dr. Aaron Kaltenbach. He's a superb obstetrician." Beyond the window, behind veils of rain and fog, the metropolis appeared to be more enigmatic than Stonehenge, as unknowable as any city in our dreams. With a sigh, Obadiah differed: "Not clever. Crude. Before my hands became these great-knuckled lumps, I could have dazzled you." Moving out of the doorway, into the bedroom, he said, "What book would that be?" She looked down at her clutched hands. Made for work, these hands, and always ready to take on any task. Strong, nimble, reliable hands, but useless to her now, unable to perform the one miracle she needed. "Barty's birthday is in eight days. I was hoping. . . ." Junior closed his eyes at once and let his jaw sag, breathing through his mouth, feigning sleep. On the high marsh-Dragonfly-A description of Earthsea. He repressed the scream, however, because he sensed that if he gave voice to it, he wouldn't be able to silence himself for a long long time. The operator attempted to calm him, but he remained hysterical. Between gasps and sharp squeals of pretended pain, he shakily rattled off his name, address, and phone number. Her metal hands were still crossed defensively over her breasts. The artist had welded large hexagonal nuts to her rake-tine fingers to suggest knuckles, and balanced on one nut was a fourth quarter. With the dead woman's guest on the way, minutes were precious. Attention to detail was essential, however, regardless of how much time was required to properly stage the little tableau that might disguise murder as a domestic accident. Phimie must be honored now with laughter instead of with tears, because her life had left Celestina with so many memories of joy and with joy personified in Angel. To fend off tears, she said, "Listen, Clark Kent, we women need our little secrets, our private thoughts. If you can really read my heart this easily, I guess I'm going to have to start wearing lead brassieres." Junior gave the Raisinets to him, and Google left the theater with his candy and his cash. Although their apartments were above the garage, back to back, each was served by a separate exterior staircase. As often as either man entered the other's domain, they might as well have lived hundreds of miles apart. Now, the hateful music unnerved him. He became convinced that if he went home alone, the phantom chanteuse-whether Victoria Bressler's vengeful ghost or something else-would croon to him once more. He wanted company and distraction, after all. "The one I'm about to start is Dr Jekyll and Mr. Hyde, which is maybe pretty scary." He didn't want to lean inside and peer over the front seat. He had no weapon. He would be unbalanced, vulnerable. Worse than the tenderness in the bones, the bleeding gums, the headaches, the ugly bruises, worse than the anemia-related weariness and the spells of breathlessness, was the suffering that her battle caused to those whom she loved. More frequently as the days passed, they were unable to conceal their worry and their sorrow. She held their hands when they trembled. She asked them to pray with her when they expressed anger that this should happen to her-of all people, to her, and she wouldn't let them go until the anger was gone. More than once, she pulled sweet Angel into her lap, stroked her hair, and soothed her with talk of all the good times shared in better days. And always Barty, watching over her in his blindness, aware that she would not be dying in all the places where she was, but taking no consolation from the fact that she would continue to exist in other worlds where he could never again be at her side. "Why? What was he going to get out of it?" Sklent came to mind, perhaps because of the strange drawing on the girl's sketch pad. Sklent at that Christmas Eve party, only a few months ago but a lifetime away. The theory of spiritual afterlife without a need for God. Prickly-bur spirits. Some hang around, haunting out of sheer mean stubbornness. Some fade away. Others reincarnate. THE SANDMAN WAS powerless to cast a spell of sleep while Junior spent the night flushing away enough water to drain a reservoir. He smiled and shrugged. "I used to be a fisher of men. Now I hunt them. One in particular." Running footsteps, heading toward the ambulance. Apparently Kenny. The second paramedic. On Tuesday, January 2, Junior met with the drug dealer who had introduced him to Google, the document forger, and he arranged to purchase a 9-mm handgun with custom-machined silencer. Whether making love or killing, he was never guided by bigotry. A private little joke with himself. But true. Suddenly, even in the heart of a great city, the alleyway seemed as lonely as an English moor, and not a smart place to seek asylum from a vengeful spirit. Casting aside all pretense of self-control, Junior sprinted for the next street, where the sight of multitudes, swarming in winter sunshine, filled him not with paranoia or even uneasiness, anymore, but with an unprecedented feeling of brotherhood. PUDDLED ON THE pan-flat face, the port-wine birthmark. In the center of the stain, the

closed eye, concealed by a purple lid, as smooth and round as a grape.. "Getting her into her shoes and coat sooner than Monday required a bribe," Wally said.. Maria arranged five place settings instead of four. The fifth--complete with silverware, waterglass, and wineglass--was at the head of the table, in memoriam of Joey.. The window was French with small panes, so Celestina couldn't simply break the glass and climb out.. He was surprised they had come so soon, less than twenty-four hours after the tragedy. This was especially unusual, considering that a homicide detective was obsessed with the idea that rotting wood, alone, was not responsible for Naomi's death.. "I wouldn't just whack anyone, not even a worm bucket like Cain, any more than I would commit suicide. Remember, I believe in eternal consequences.." Into her fevered mind came an image of a milk-glass infant, as translucent as Joey at the back door of the ambulance. Fearing that this vision meant her child would be stillborn, she said, My baby, but no sound escaped her.. Junior locked the door. He started the engine and drove out of the cemetery faster than was prudent on the winding service road.. The machine, one in a bank of four, wasn't filled with ordinary newspapers, which cost only a dime, but with a raunchy tabloid aimed at heterosexual swingers.. "No, that's not necessary," Junior said, trying to sound casual. "Considering what you told me, I'm sure whoever's bothering me here can't be Vanadium. I mean, him being on the run, with plenty of his own troubles, the last thing he'd do is follow me here just to screw with my head a little.." Finally: "A trial lawyer, whether specializing in criminal or civil matters, is like an actor, Mr. Cain. He must believe deeply in his role, in the truth of his portrayal, if he's to be convincing. I always believe in the innocence of my clients in order to achieve the best possible settlement for them.." The ship of night floated over the city and cast down nets of darkness, gathering millions of lights like luminous fishes in its black toils.. Seraphim's child had been alive as long as Naomi had been dead, almost fifteen months. In fifteen months, Junior should have located the little bastard and eliminated him.. He no longer had any reason to follow an exercise regimen. For twenty-three years, he'd needed to maintain good health in order to meet his responsibilities, but all the responsibilities that mattered to him had been lifted from his shoulders.. Chan nodded. "Considering the advanced stage of Bartholomew's malignancies, he should have complained earlier than he did.." Airborne, Phimie complained of ringing in her ears, which might have been related to the flight. She also suffered an episode of double vision and, in the airport after landing, a nosebleed, which appeared to be related to her previous symptoms.. AS GREASY WITH FEAR sweat as a pig on a slaughterhouse ramp, Junior woke from a nightmare that he could not remember. Something "is reaching for him--that's all he could recall, hands clutching at him out of the dark--and then he was awake, wheezing. Night still pressed at the glass beyond the venetian blind. The pharmacy lamp in the corner was aglow, but the chair that had been beside it was no longer there. It had been moved closer to Junior's bed.. Edom complied, and in the arc of red Bicycle patterns, one card revealed too much white corner, because it was the only one face up.. The Spruce Hills Police Department was far too small to have a full-blown Scientific Investigation Division. And if the tableau presented to them appeared convincing enough, they might accept the death as a freak accident and never turn to the state police for technical.. Third, Celestina had a daughter. Not a boy named Bartholomew. Seraphim's baby had been a girl. Named Angel. This confused Junior as much as it stunned him.. Paul Damascus had gotten numerous invitations to dinner. No one thought that he should be alone on this difficult night.. The boy-wonder physician turned to Junior again and assumed an expression of compassion so inauthentic that if he'd been playing a doctor on even the cheesiest daytime soap opera, he'd have been stripped of his actor's-union card, fired, and possibly horsewhipped on a live television special. "We'll be doing the procedure this afternoon, so I wouldn't want to give you anything much for the pain just prior to anesthesia and sedation. But don't you worry, Mr. Pinchbeck. Once we've lanced these boils, when you wake up, ninety percent of the pain will be gone.." Surprised, Tom leaned in his chair to look more directly at the blind boy. On the telephone, Celestina had mentioned only that Barty was a prodigy, which didn't quite explain the aptness of the oak-tree metaphor.. A moment later, in the corridor, as Nolly locked the door to his suite, Kathleen linked her right arm through Vanadium's left. "Do I call you Detective Vanadium, Brother, or Father?.." On the nightstand waited a glass of water on a coaster and a pharmacy bottle containing several capsules of a potent painkiller.. Celestina White was the center of attention, always surrounded by champagne-swilling, canape--gobbling bourgeoisie who would have been shopping for paintings on velvet if they'd had less money.. She got up from the chair, went to the window, and raised the venetian blind rather than look out between its slats.. efficiency of a nurse, but as a courtesan might perform the task: smiling enticingly, a flirtatious glimmer in evening. She brought her daughters, seven-year-old Bonita and six year-old Francesca, who came with their newest Barbie dolls--Color Magic Barbie, the Barbie Beautiful Blues Gift Set, Barbie's friends.. The air was spicy with incense and with the fragrance of the lemon oil polish used on the wooden pews.. Thus far, none of these women of mercy was as lovely as Victoria Bressler, the ice-serving nurse who was hot for him. Nevertheless, he kept looking and remained hopeful.. Agnes had believed that through this ordeal, she'd largely spared her child from an awareness of the awful depth of her misery. In this, however, as in so many other instances, the boy proved to be more perceptive and more mature than she'd realized. Now she felt that she had failed him, and this failure ached like a wound.. "More than remorse," the magician said. "Shame. I come from good people. I wasn't raised to be a cheat. Sometimes, trying to figure how I went wrong, I think it wasn't the need for money that ruined me. At least not that alone, not even that primarily. It was pride in my skill with the cards, frustrated pride because I wasn't getting enough nightclub work to show off as much as I wanted to.." Books were stacked high on a nearby table, favorite novels and volumes of verse, all of which Agnes had read before. With time so limited, she preferred the comfort of the familiar to the possibility that new writers and new stories would fail to please. Paul read to her often, as did Angel. Tom Vanadium sat with her, too, as did Celestina and Grace.. Turning in Celestina's lap, Angel said, "Smell," and held the index finger of her right hand under her mother's nose.. While Jacob had shuffled, Agnes had taken little Barty from his bassinet into her arms. She was surprised and discomfited to discover that the baby was to have his fortune told first.. Finally Angel dropped and slithered, vanishing under the overhanging bedclothes with a final flurry of yellow socks.. Tuesday, January 9, having cashed out a number of investments during the past ten days, Junior made a wire transfer of one and a half million dollars to the Gammoner account in the Grand Cayman bank.. "But you don't understand." She recounted the extraordinary draw of aces during the fortune-telling session Friday evening.. Stepping into her digs was like passing through a time machine into another century, traveling in space, as well, to the Europe of Louis XIV. The expansive, high-ceilinged rooms overwhelmed the eye with the rich somber colors and the heavy forms of Baroque art and furniture. Shells, acanthus leaves, volutes, garlands, and scrolls--often gilded decorated the museum-quality antique Bombay chests, chairs, tables, massive mirrors, cabinets, and etageres.. Neddy, dressed for work but overdressed for his own funeral, slumped against the wall, head bowed, chin on his chest. His pale hands were splayed at his sides, as though he were trying to strike chords from the floor tiles.. "Poker." Keeping his hands high, like a

penitent confessing sin at a revival meeting and asking God to wash him clean, Obadiah said, "My specialty was close-up magic. Oh, I pulled a rabbit out of a hat more than once, silk scarves from thin air, doves from silk scarves. But close was my love. Coins, but mostly ... cards." He smiled. "Those of us who were priests first--yeah, we're all a broody bunch. Of the others--not many, but probably more than you think." Celebration of course, would lead to incarceration and perhaps to electrocution. With Vanadium, the maniac cop, likely to be found lurking under the bed or masquerading as a nurse to catch him in an unguarded moment, Junior had to recover at a pace that his physician would not find miraculous. Dr. Parkhurst expected to discharge him no sooner than the following morning. Once he had toured the exhibition, managing not to shudder openly, he tried to hang out within hearing distance of Celestina White, but without appearing to be listening with special intensity. He hadn't learned much from the call other than that they hadn't found Vanadium in his Studebaker at the bottom of Quarry Lake. "Well, he was an insurance agent, and numbers are important in that line of work. And he was a good investor, too. Not the whiz you are with numbers, but I'm sure you got some of your talent from him. He knew the titles that he wanted: "Tunnel in the Sky, Between Planets, Starman Jones." He wasn't required to torture himself in search of pleasant conversation with those they visited. Agnes had virtually invented pleasant conversation. Saturday and Sunday, between sessions with the directory, Junior cruised around the county on a series of pleasure drives--testing the theory that the maniac cop was no longer following him. Apparently, Simon Magusson was correct: The case had been closed. The bow business had started a few months ago. Angel said she wanted to look pretty in her sleep, in case she met a handsome prince in her dreams. This show was hopeless, disastrous, stupid, foolish, painful, lovely, wonderful, glorious, sweet. Ten months later, he finally wore her down. She accepted his proposal, and they set a date for the wedding. "Because Cain had called him to get a recommendation of a P. I. here in San Francisco," said Kathleen. "To find out what happened to Seraphim White's baby." Junior was less surprised by his sudden assault on Victoria than by the failure of the bottle to break. He was, after all, a new man since his decision on the fire tower, a man of action, who did what was necessary. But the bottle was glass, and he swung forcefully, hard enough that it smacked her forehead with a sound like a mallet cracking against a croquet ball, hard enough to put her out in an instant, maybe even hard enough to kill her, yet the Merlot remained ready to drink. When he reported for a physical and a reassessment of his draft classification, on Wednesday, December 15, he left the insert in his hitching shoe; however, he limped like old Walter Brennan, the actor, hitching around the ranch in The Real McCoys. "Yes. More about that later, just let me make it clear that an interest in physics doesn't make me a physicist. Even if I were, I couldn't explain quantum mechanics in an hour or a year. Some say quantum theory is so weird that no one can fully understand all its implications. Some things proven in quantum experiments seem to defy common sense, and I'll lay out a few for you, just to give you the flavor. First, on the subatomic level, effect sometimes comes before cause. In other words, an event can happen before the reason for it ever occurs. Equally odd ... in an experiment with a human observer, subatomic particles behave differently from the way they behave when the experiment is unobserved while in progress and the results are examined only after the fact--which might suggest that human will, even subconsciously expressed, shapes reality." As instructed earlier by phone, Junior purchased a large box of Raisinettes and a box of Milk Duds at the refreshment stand, and then he sat in one of the last three rows in the center section, eating the Milk Duds, grimacing at the sticky noises his shoes made when he moved them on the tacky floor, and waiting for Google to find him. The pair of sliding doors at the living-room archway stood half open. Beyond, voices drew Paul against his will. She wanted to tell him not to say these queer things, not to talk this way, yet she couldn't speak those words. When Barty asked her why, as inevitably he would, she'd have to say she was worried that something might be terribly wrong with him, but she couldn't express this fear to her boy, not ever. He was the lintel of her heart, the keystone of her soul, and if he failed because of her lack of confidence in him, she herself would collapse into ruin. The tenderness with which Grace acceded to Phimie's desire, at the expense of her own peace of mind, filled Celestina with emotion. She'd always admired and loved her mother to an extent that no words--or work of art--could adequately describe, but never more than now. II. Otter. The musician's eyes met Junior's for an instant, widening with surprise. Obviously he knew that Gammoner was a lie. So he must be aware of Junior's real identity.
