Sometimes she frightened him, and he resented it. His dreams of her were never of her yielding to him, but of himself yielding to a fierce, destroying sweetness, sinking into an annihilating embrace, dreams in which she was something beyond comprehension and he was nothing at all. He woke from those dreams shaken and shamed. In daylight, when he saw her big, dirty hands, when she talked like a yokel, a simpleton, he regained his superiority. He only wished there were someone to repeat her sayings to, one of his old friends in the Great Port who would find them amusing. "I have the cheese money," he repeated to himself, riding back to Westpool, and laughed. "I do indeed," he said aloud. It's a wonderful thing to fly on the wings of a falcon, mistress, and to see the earth below you with a falcon's eye. And summoning, which is naming truly, is a great power. To know the true name is to have power, as you know, mistress. And the summoner's art goes straight to that. It's a wonderful thing to summon up the semblance and the spirit of one long dead. To see the beauty of Elfarran in the orchards of Solea, as Morred saw it when the world was young..." "I'll ask them their name," Medra said. He smiled. "If they'll tell me, they can come in. And when..Gelluk was almost wholly absorbed in his own vision, but since Otter's mind and his were connected, he saw something of what Otter saw. He stopped, gripping Otter's arm. His hand shook with eagerness..The Changer stared openly at her. He was not as tall as she was. He stared at the Doorkeeper, and then at her again..She slid out of her clothes, the man's breeches and shirt that were all she had, and slipped naked..we need to know." The Doorkeeper's tone was equally sober, and his smile was gone. "I think this." "I know Tarry thinks I do." Otter, sitting by the fire shelling walnuts, held still. He tried to say that there was work for two. He..Hound came in on her heels. "Well," he said, "in the first place, when I got to the city, I go up to the palace, just to hear the news, and what do I see? I see old King Pirate standing on his legs, shouting out orders like he used to do. Standing up! Hasn't stood for years. Shouting orders! And some of em did what he said, and some of em didn't. So I got on out of there, that kind of a situation being dangerous, in a palace. Then I went about to friends of mine and asked where was old Early and had the fleet been to Roke and come back and all. Early, they said, nobody knew about Early. Not a sign of him nor from him. Maybe I could find him, they said, joking me, hmh. They know I love him. As for the ships, some had come back, with the men aboard saying they never came to Roke Island, never saw it, sailed right through where the sea charts said was an island, and there was no island. Then there were some men from one of the great galleys. They said when they got close to where the island should be, they came into a fog as thick as wet cloth, and the sea turned thick too, so that the oarsmen could barely push the oars through it, and they were caught in that for a day and a night. When they got out, there wasn't another ship of all the fleet on the sea, and the slaves were near rebelling, so the master brought her home as quick as he could. Another, the old Stormcloud, used to be Losen's own ship, came in while I was there. I talked to some men off her. They said there was nothing but fog and reefs all round where Roke was supposed to be, so they sailed on with seven other ships, south a ways, and met up with a fleet sailing up from Wathort. Maybe the lords there had heard there was a great fleet coming raiding, because they didn't stop to ask questions, but sent wizard's fire at our ships, and came alongside to board them if they could, and the men I talked to said it was a hard fight just to get away from them, and not all did. All this time they had no word from Early, and no weather was worked for them unless they had a bagman of their own aboard. So they came back up the length of the Inmost Sea, said the man from Stormcloud, one straggling after the other like the dogs that lost the dogfight. Now, do you like the news I bring you?"..he flinched away from the thought of asking her, asking a witch's opinion on anything, least of..was neglected or actively suppressed by their society and government. Except as an evil to be." "No. It isn't the High Art. It isn't the True Speech. A wizard mustn't soil his lips with common words. "Weak as women's magic, wicked as women's magic," you think I don't know what they say? So, why did you come back here?". The idea of doing harm troubled her, but the idea of danger had not entered her mind. She found it..Otter sat up at last. He was wet, cold, bewildered. Why was he here?
